Susan G. Komen® Komen Evansville Tri-State is the local source for funding breast cancer detection, support and educational awareness in 28 Counties. Komen Evansville Tri-State is investing more than $380,000 in education, diagnosis, treatment and support programs that serve uninsured or underinsured Evansville Tri-State residents.

**St. Mary’s Foundation**
Contact Dawnelle Neighbors (812) 485-5725
This program provided mammogram screening and diagnostic services, along with information on breast self-awareness to underserved women in Daviess, Gibson, Pike, Posey, Spencer, Vanderburgh and Warrick Counties. Services are available through mobile screenings as well as through St. Mary’s Breast Center.

**Dubois-Pike-Warrick Economic Opportunity Committee, Inc., d/b/a TRI-CAP**
Contact Cathy Ward (812) 428-2189
The purpose of the program is to help with treatment costs, educate and do extensive case management with underserved, underinsured and/or uninsured women and men who have been recently diagnosed with breast cancer and are living in the Evansville Tri-State Affiliate area.

**Deaconess Hospital Foundation**
Contact Robynn Working (812) 424-1200
This program is designed to provide both education and awareness to women about the importance of early detection of breast cancer and the availability of financial assistance to have access to screening and diagnostic services. This will in turn increase early detection and decrease mortality.

**Good Samaritan Hospital Breast Care Center**
Contact Wendy Reese (812) 885-3627
The project goal is to educate Knox County and surrounding communities on the importance of breast health awareness and to provide financial assistance in obtaining services. The services provided are clinical breast exams, screening and diagnostic mammograms as well as further diagnostic testing as needed.

**Foundation for Health**
Contact Lauren Osowicz (270) 688-2350
This program will provide screening mammograms and additional diagnostic services, as needed, to low-income women age 40-64 who do not qualify for any other program. Patients in Kentucky may receive services at Breckinridge Diagnostics Center, HealthPark Diagnostics Center, The Springs or Multicare in Madisonville.

Methodist Hospital
Contact Christa Cole (270) 831-7931
This program will provide screening and diagnostic services to women who reside in Henderson, Union and Webster Counties in Kentucky.

Indiana Women in Need
Contact Sue Wynne (317) 475-0565
This program will assist women with professional non-medical services while they are in treatment for breast cancer. Services include but are not limited to: babysitting, house cleaning, groceries and transportation. Counties served by this grant are Daviess, Dubois, Gibson, Knox, Perry, Pike, Posey, Spencer, Vanderburgh and Warrick in Indiana.

Guadalupe Center
Contact (812) 683-5212
This project will educate Latina women in Daviess and Dubois Counties and will assist those women with cost of screening and diagnostic services.

Hamilton Memorial Hospital District
Contact Kelly Wellen (618) 643-2361
This project will make screening mammograms and other diagnostic testing, as needed, available to residents of Hamilton, and White and other surrounding Illinois Counties. It will also provide breast health information and one-on-one education.

Ferrell Hospital Community Hospital Foundation
Contact Donna Rash (618) 273-3361
This project provides screening mammograms for women in Southern Illinois who do not qualify for any other assistance program.
