**Please complete this section if you are ONLY requesting educational materials**

Komen Evansville Tri-State is happy to provide community members with breast health information, however, due to budget constraints we are only providing materials requested in the package of choice. If you are wanting larger quantities of certain material (s) or would like a material (s) that is not in the package, we encourage you to visit [www.ShopKomen.org](http://www.ShopKomen.org) or talk to someone on the Komen staff.

Once your request has been approved, you will need to schedule a pick-up date/time to obtain your materials. If your materials have not been picked-up **5 days** after the arranged date, they will be returned to stock. We also ask that unused materials be brought back within **15 days** after the event along with the completed survey that will be with your materials.

These packages are designed to accommodate approximately 250 people. For descriptions of the materials, please visit [www.ShopKomen.org](http://www.ShopKomen.org) and click on "Education Materials." Many items are available for free download.
